Sub Category

Subject UR Design

Description of Problem or Suggestion:

Need additional design detail related to URs. The additions should address at least the following:

- Evolvability of UR name space design to Release C timeframe
- Support for new UR types in type providers, advertisements, and clients
- Management of new UR type creation

Originator's Recommendation

Provide a white paper describing overall UR design. Incorporate white paper content into as-built 305 documentation.
